Dear Margaret Fitzgerald,

Please find attached your assessment report for any questions or corrections etc. and the invoice and web listing should follow later.

Starycide Insect Growth Regulator

- Product description: pesticide, insecticide, growth regulator (Triflumuron)
- Product use: type B - no possible contact
- Status: passed AsureQuality assessment for factory use renewed \$280 for 1:45 hours O/N -

"Passed AsureQuality assessment for food/beverage/dairy factory type B no possible contact with food, contact surfaces, vents or packaging - or outside food areas H2359" with conditions. This assessment was prepared by Global Proficiency Ltd using HACCP principles to determine equivalence with food standards listed below. See <http://assessedproducts.asurequality.com>. This supports food Risk Management Programmes & other endorsements that may apply to this product include MPI regulated farm dairy approval, MPI dairy factory endorsement, MPI regulated non-dairy animal product approvals, EPA HSNO-OSH-environment approval (& previously AQIS).

Conditions:

- Used per manufacturer instructions, legislation & GMP with no possible contact with food, contact surfaces, vents or packaging - or outside food areas. Used in conjunction with an approved pest control programme as applicable.
- The assessment is subject to notification of change and expires on 27/11/2024).
- The full report is attached for supplier review and verification. The assessment is activated by countersigning & inclusion of assessment precautions / assessment statement / MPI dairy precautions. (Note this B classification is per residue stability in food areas & vs fly fall).
